GAME NIGHT

Unleash the fun! SimplyFun's Walk the Dogs board game is fun, easy to learn, and most importantly, all about dogs! You've got to play the cards, get the best dogs, line 'em up and earn points to win, but watch out for the dog catcher!

This is not your mom's Monopoly; the game takes only about 30 minutes to complete, and up to five people can play at a time.

NO H₂O

Next time you give your pup a bath, forget about the hose and the soapy shampoo. Pampered Pooch Dry Shampoo Mousse cleans without using water! Simply massage into his coat, and then dry it with a towel. It's nonsticky, won't flake and leaves no residue. Plus, it dries in minutes.

ENVIRONMENTALLY FRIENDLY FUN

Planet Dog's Recycle BALL and BONE provide nonstop canine fun and are easy to toss around. If that's not enough, each one is easy on the environment and made from 100 percent recycled material. They're also 100 percent recyclable themselves! They float, are easy to clean and smell like peppermint.
